DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

With respect to claim 1 and 6, the limitation recited in lines 15-17 "go to address ... selected location." are unclear and confusing. Also, the limitation recited in lines 19-20 "store the pointer ... selected location;" are unclear and confusing. Further, the limitation recited in lines 21-23 "modify all output queue addresses ... output queue;" are unclear and confusing. Examiner could not understand of what being claimed.

Claims 2-5 and 7-10 are rejected as they depend upon rejected independent claims 1 and 6.
